Napster Radio is an exclusive feature available only to premium members.

If you were a premium member you could choose from and play a variety of commercial-free stations created by our dedicated programming team. Or you could even create your own stations based on your preferences. Each time you play a station, it's a new experience. You can save these stations as playlists, skip the songs you don't like or download the songs you do like.

What else are you missing out on? Premium members can also:

- Play and download full-length songs.
- Get unlimited streaming and downloading.
- Access other exclusive community features.
